

# CREATE YOUR OWN PROJECT!

We've explored the various elements of a conservation project, now it's your turn to devise your own!

You have been asked to propose a conservation project of your choosing. Choose a UK species that you would like to see protected or restored and use the template below to create a 1-page proposal for a conservation project...

Items to consider:

- Species
- Threat to species
- Staff needed for the project
- Information needed for project: habitat type, predators, diseases, food source, threats from humans
- Plan to reduce/ eliminate threat to species
- Picture of species

# EXAMPLE

- Species: Angel Species
- Threat to species: Tourism and water sports in breeding grounds
- What information do you think you would need to know to solve the problem: To protect this species I would need to
  - Plan to reduce/ eliminate threat to species
